

Dear Readers,

In the last issue of our journal, in the article *BRCA1 4153delA founder mutation in Russian ovarian cancer patients* written by Prof. Evgeny N. Imyanitov, the following errata apply.

1. The name of one of the co-authors was confused – instead of Tatiana V. Porhanova it should be Natalia V. Porhanova.
2. The correct Figure 1 appearing on page 195 is given below.

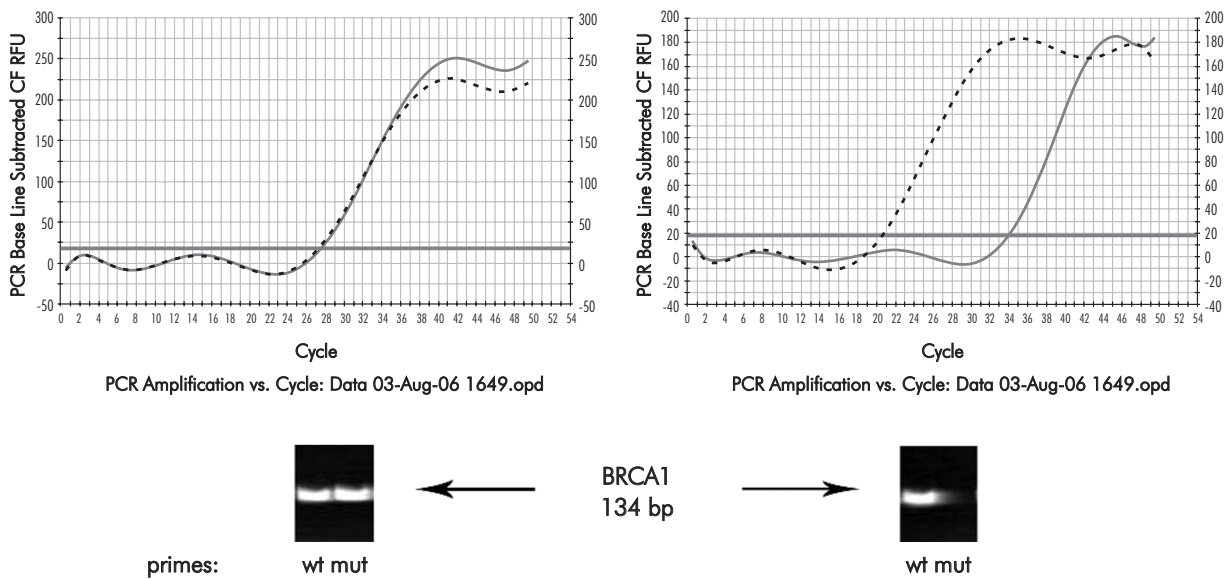

Fig. 1. BRCA 4153delA genotyping. Both wild-type and mutation-specific primers produce the PCR fragment for the heterozygote (left), while only one product is detected upon analysis of the normal DNA sample (right). Identical results are obtained by real-time (top) and conventional (bottom) allele-specific PCR
